GENERAL NOTES

A. This and any other drawings are not intended to be all-inclusive, nor to define the scope of all work required for this project. Demolition drawings are shown only to aid the Contractor in preparing his bid and performing the work. The Contractor and subcontractors shall examine all Contract Documents and visit the site during bidding as required to determine the total extent and scope of the demolition portion of this work. The Contractor shall perform this inspection prior to submitting a bid for the work. Submission of a bid will be construed as evidence that such an examination has been made and later claims will not be recognized for extra labor, equipment, or materials required because of difficulties encountered which could have been foreseen during the required site inspection. All items that are not required to remain shall be of the demolition work whether shown specifically or not. The Contractor shall be responsible for all demolition work required to carry out the work as shown in the Contract Documents.

B. Coordinate this sheet with all other Contract Documents.

C. Dimensions are to finished face of wall or finished face of ceiling unless otherwise noted.

D. Protect all items to be salvaged for reinstallation during construction from damage and from dust. Clean all salvaged items prior to reinstallation.
